

**MuleyCrazy**

## *Our Success Is Your Success*

With over 30 years in the industry, everyone knows the MuleyCrazy name, and owner Ryan Hatch. With more 40-inch wide bucks to his credit than any man on the planet, it surprises many hunters when they hear Ryan state the following. *"I'm not the best hunter, but I do have the best optics money can buy! Having the best optic equipment, and more importantly understanding the correct usage, has accounted for all of my success!"* Our success shows we have a great understanding of what equipment you need to find and kill trophy class animals. Have you drawn a tag of a lifetime? Or are you looking to up-grade your current optics? MuleyCrazy should be your first call for all binoculars, spotting scopes, tropods, rangefinders, and long range shooting equipment. ***Our prices won't be beat!***

*Ryan Hatch*

ABOUT  
**MuleyCrazy**

MuleyCrazy was founded in 1992 by Ryan Hatch in Kanab, Utah. As a die-hard mule deer hunter and very successful guide, he began producing the best-selling MuleyCrazy Video Series, which now includes 10 videos featuring some of the largest bucks ever filmed.

To satisfy the huge public demand to see more giant muleys, Ryan and his wife, Alicia, started MuleyCrazy Magazine in 2002. Since then, distribution has grown immensely, with subscribers all over the United States, as well as Mexico and Canada.

MULEYCRAZY HEADQUARTERS IN KANAB, UTAH

As the business has grown, so has the need for more space for our world-class mule deer display, which Ryan has collected over the years, and for our ever-expanding retail sales department. In 2012, we built a new office where we now produce the magazine, showcase one of the best mule deer collections in the world, and stock our inventory of optics and hunting gear.

Our vast experience hunting in the best mule deer country in the West allows us to utilize the best equipment on the market. We appreciate the opportunity to speak with so many fellow hunters and help them acquire the equipment that will help them maximize their success in the field.

Although the business has grown tremendously since it started, we attribute a large portion of our success to the fact that we're still a small, family-run operation and we still pay individ-

ual attention to our subscribers, customers and fellow hunters.

It all started as a big dream and a small publication put together on the Hatch's kitchen table. Now, MuleyCrazy is the leading authority in mule deer hunting, and your go-to source for the best hunting optics, affordable long-range rifles, and hunting gear. We thank our subscribers for their years of loyalty to MuleyCrazy; without them, this would not be possible.

RIFLES

ACCURATE. AFFORDABLE. LONG-RANGE.

*Brent Hatch with his giant Paunsuagunt buck from 2017. He used MuleyCrazy's Predator package to anchor the 229-inch monster!*

We've taken the headache out of putting an accurate long-range rifle system together. Our systems are turn-key, with everything you need to get shooting and extend your range!

The factory rifles we've selected have a **manufacturer's guarantee** of shooting MOA. With extensive ammo testing in each gun, we've been able to significantly tighten that up! Many of our guns are shooting **1/2 MOA groups** - that's three inches at 600 yards! Some have been 1/4 MOA or less!

**Quality ammunition** is a key component to accuracy. The ammo we supply with our systems has been **carefully selected**, tested for accuracy, and is a quality hunting bullet. Our systems come with **four boxes** (80 rounds) of high quality, factory ammunition. This means that if/when you need more, you can easily order it online, or at various sporting goods stores.

Our packages come standard with Leupold **VX-5HD 3-15x44** riflescopes, offering exceptional performance for the price. **Upgrade options are available.**

We dial in every rifle to ensure its accuracy, and we perform trajectory validation at long range to make certain the custom ballistic turrets are engraved correctly.

*WE SHIP TO FFL'S IN ALL 48 CONTIGUOUS STATES!*

RIFLES

**ACCURATE. AFFORDABLE. LONG-RANGE.**

"I killed this Colorado 6x6 elk at **441 yards** with my gun that Muley Crazy put together for me - a **T3X Lite** and **Hatch Outwest Bi-pod**. I would have never attempted this shot with my other rifles (300 yards max). This setup has **extended my effective range** out to 500 yards and I am very pleased."

~ Terry M. from Minnesota
